NORTH OGDEN POLICE DEPARTMENT

If you read or watch the news, you have probably noticed a large number of crimes against businesses in our area. Whether this is the result of our current economic climate, the outcome of drug use, or other reasons, it is unfortunate that our fine, hard-working business owners are the target of these criminal activities. To help curtail crime in and around our businesses, we have increased patrols of these areas. Just over a year ago, we also formed a 'Volunteers in Police Service' (VIPS) unit and they have been a great asset in helping us watch these locations. We are in the process of creating a Business Watch program to help our business owners stay safe and protect their investments in our community, and are sharing intelligence information we receive which pertains to crime that may affect businesses in our community. We encourage residents in the city to shop local and support our businesses. We also ask that while you are out shopping; take the time to be aware of your surroundings. Watch for suspicious activity, and report anything suspicious to the business owner or the police.

One crime trend where we have seen an increase of throughout the county is criminals removing business' windows. These criminals tend to target the cash register specifically. If you see broken or damaged windows, please call the police immediately. Business owners, if you leave your empty cash register drawers on the counter in plain view overnight, hopefully, this will send a message to would-be thieves that you do not have what they want. Do not leave cash on the premise after closing. This will help limit your losses should you be targeted by these thieves. Another unfortunate result of our current times is the number of vacant businesses and homes in the city. We have responded to several complaints of criminals having entered vacant homes and businesses and stolen copper wiring, pipes, and other metals. As you are about your travels, we ask that you watch for open doors and suspicious activities around these vacant properties as well. Our business owners are doing their part to succeed and support our community, please help us and them by being observant and reporting any possible criminal activity. Together, we can keep North Ogden a great place to live.

BUILDING OFFICIAL – 737-2214

WHEN IS A BUILDING PERMIT REQUIRED?

R105.1 in the 2009 International Residential Code reads, “Any owner or authorized agent who intends to construct, enlarge, alter, repair, move, demolish, or change the occupancy of a building or structure, or to erect, install, enlarge, alter, repair, remove, convert or replace any electrical, gas, mechanical or plumbing system, the installation of which is regulated by this code, or to cause any such work to be done, shall first make application to the building official and obtain the required permit.” A permit is required for water heater/ air conditioner replacements, reroofs, awnings, patio covers, decks, carport covers, new electrical services, fireplaces, remodels, additions, finishing basements, etc.

Sheds up to 200 square feet and fences not over 6 feet high do not require a permit but must meet City zoning requirements. We request a drawing be brought in to the City to show the location of the shed placement with measurements from property lines or in the case of a fence showing a drawing of the fence including fence heights. We will verify that the shed or fence meets zoning requirements. Permits are not required for painting, wallpapering, tiling, carpeting, cabinets, countertops, and similar finish work. For additional questions about building permits or the cost of permits you can contact Brandon Boydston at 737-9837 or Gary Kerr at 737-2214 and they will be happy to assist you.

FLOOD PLAIN INFORMATION

Questions regarding flood zones should be directed to Gary Kerr. FEMA flood maps are available for your review in our office. We also have elevation certificates.

COMMUNITY EMERGENCY RESPONSE TEAM

Weber County CERT is offering the following continuing education classes throughout this year. All CERT trained people are encouraged to attend. If you have any questions please contact Lou Waikart, North Ogden CERT, at 801-782-5757 or Tammy Folkman at 801-778-6686 or tfolkman@co.weber.ut.us.
