Subject: North Ogden Trustees on North View Fire District Board agenda for Mar 10 Council Meeting

Annette,

This is Jay Johnson I called you on Tuesday about Dean Hunt and I both being elected trustees to the North View Fire District representing North Ogden and wanting to be on the agenda for the March 10th City Council Meeting. Ryan Barker a North Ogden resident and the district's fire inspector is also planning to attend with us.

Our main goal is to introduce ourselves and provide the Mayor and Council with some information and statistics on the fire district and get them up to speed on the new fire substation that is in the works on the bench in Pleasant View. We want to reach out to the Mayor and Council on a few items we at the fire district could use their assistance with in working to get this fire substation up and going in Pleasant View that will ultimately assist in the quicker response times to both Pleasant View and North Ogden residents.

Here is a basic outline of our presentation 5-10 min is the time we need

Introductions of Trustee Jay Johnson, Trustee Dean Hunt, Fire Inspector Ryan Barker

Present Information and Statistics from the Fire District

Information on new fire substation in the works in Pleasant View 400 West 4300 North Pleasant View (just east of the Wadman Nature Park)

Ask for the Mayor and Councils support and assistance with the new substation (With Mayor Taylor representing North Ogden on the WACOG)

Questions from Mayor and Council if any.
