Subject: Braden Cook Eagle Project

Dear North Ogden City Council Member,

I am a life scout in troop 593 in the North Ogden 24th ward. For my Eagle Scout project I want to build a small community archery range in the Northeast corner of the equestrian park parking lot. I talked to Ken Kolb with the city parks and he was supportive of the Idea. He told me I needed approval from the police chief, Kevin Warren. I talked to Chief Warren and he liked the Idea as well. Together we reviewed the North Ogden City Code, Chapter 2, Article E, section 6-2E-1 which states that he has authority to approve the use of an archery range on private property but because my idea was for an archery range on public property it would have to be approved by the city council. Before I invest a great deal of time in the range design, fund raising etc. I would like to know if this is a project that the city council would support and respectfully request that you consider the idea. Please let me know your feelings and what are the next steps I should take if this would be an acceptable project with the city. Please let me know your decision as soon as you can. I would like to either move forward with the approval of this project or be able to choose something else and continue to make progress towards my goal of becoming an Eagle Scout.

Thank you very much for your consideration.
Best Regards,

Braden Cook
