Re: Proposed Road Improvements

Mr. Kevin Orme lives at 123 West Weber Drive and owns the property shown on Map A. There is currently a temporary cul-de-sac on his property that serves 100 West. Mr. Orme wants to develop the south part of his property and will request that the City assist him in extending 100 West Street to 3100 North as shown on Map B.

I suggested that he make his request to you during your council meeting so you can consider his request during the budget process.

We have not acquired a price for extending the road.
