
**NORTH OGDEN CITY
MEMORANDUM**

TO: MAYOR AND CITY COUNCIL
FROM: RONALD F. CHANDLER, CITY MANAGER
SUBJECT: SIGN HEIGHT
DATE: 8/23/2012

Councilman Bigler asked that we consider the sign regulation which states:

Sign Height: Sign height is defined as follows:

1. **Freestanding Sign:** Sign height is the distance from the top of the sign structure, to the top of the curb nearest to the sign, or to the crown of roadway if no curb exists.

An application was recently made for a sign on Washington Blvd. see attached pictures. Gary and Craig determined that the height of the sign did not meet our height limit requirement as measured from the street curb. The applicant claims that the staff's interpretation is wrong, because his parking lot curb is the nearest curb to the sign. He feels that we should measure the height from his parking lot curb.
