

## MEMORANDUM

To: North Ogden City Council

From: Craig C. Barker, Community Development

Subject: Amended ordinance regarding the keeping of pigs

Date: May 23, 2012

As requested by City Council, staff has researched 4-H requirements. Contact was made with the local 4-H and it was discovered that such requirements do not exist, however, there are recommendations. Staff has looked over these recommendations and included them in the revised ordinance. Such things like requirements of shade and fresh food and water have been included. There is a section that requires a certain amount of interior and exterior space for the pig depending on the size.

The revised ordinance and 4-H requirements have been included for your review.
