

# Memo

**To:** Council Members  
**From:** Jim Wells, Solid Waste Supervisor  
**CC:** Ed Dickie, City Manager  
Annette Spendlove, City Recorder  
**Date:** 3/22/2011  
**Re:** Resolution 2011-??

---

I am in support of this resolution because North Ogden City needs to have control over the facility. The sole responsibility of the facility should fall to the Solid Waste Supervisor as he is the only person to maintain the operation of the facility.

The facility has previously been available to contractors at no cost. North Ogden City has the burden of maintaining and upgrading the facility. The costs proposed in this resolution are less than dumping in nearby cities and will offset some of the costs of maintaining the facility.

The cost to North Ogden City residents is the same as in previous years. This resolution doesn't change former policies or costs other than to begin charging contractors where we have not in the past.
