

RESOLUTION 2011-_____

A RESOLUTION OF THE CITY COUNCIL OF NORTH OGDEN CITY ADOPTING POLICIES AND PROCEDURES FOR THE OPERATION OF THE CITY'S "GREEN WASTE FACILITY"

WHEREAS: the City Council of North Ogden City finds it is necessary to adopt policies and procedures for the operation of the City's Green Waste Facility,

NOW THEREFORE BE IT RESOLVED by the City Council of North Ogden City that the following policies and procedures are adopted and shall apply to users of the City's Green Waste Facility:

General Regulations:

1. The Green Waste Facility will be open Monday & Wednesday 3pm to 6pm and Saturday 9am to noon and will be closed on all other days and times and on City holidays.
2. Users must purchase a pass at City Hall before entering the facility; workers at the facility do not sell passes.
3. Special permission *will not* be granted to dump at the facility during hours when it is normally closed.
4. City employees using the facility during the course of their work are not authorized to allow other users to enter the facility and questions regarding the use of the facility must be directed to Solid Waste Supervisor.
5. Trash bags containing green waste are to be emptied into the compost pit and the empty trash bags are to be placed in the dumpster, not in the pit.

Contractor Regulations:

1. Contractors estimate the number of loads they will dump and pay a fee of \$60 per load at City Hall before they dump.
2. After paying the dumping fee, and a \$100.00 deposit, the contractor will be issued a gate key which must be returned to City Hall no later than one business day after it is issued or the deposit will be forfeited.
3. The Green Waste Facility supervisor or his designee will show the contractor where to dump and verify the number of loads dumped.
4. If the contractor pays for more than the number of loads actually dumped, a refund will be issued at City Hall for the difference.
5. If the contractor pays for fewer than the number of loads actually dumped, the difference must be paid at City Hall before the contractor's deposit is returned.

6. A contractor dumping material without permission will be issued a \$1000 fine.
7. It is the responsibility of the contractor to push all the loads dumped over the edge of the pit.
8. Contractors must take reasonable measures to keep dust down in the dumping area and to avoid tracking dirt, rock or other debris from the facility onto the City road.
9. Contractors must assure that the gate remains locked while entrusted with a key to the facility.
10. Contractors will be required to pay the cost of all illegal dumping that occurs as the result of the contractor's failure to lock the gate.

PASSED and ADOPTED this 25th day of March, 2011

NORTH OGDEN CITY:

Richard G. Harris, Mayor
