

MEMORANDUM

To: North Ogden City Council

From: Craig Barker, Community Development Director

Date: March 14, 2011

Subject: Site Plan Approval changes

The North Ogden City Planning Commission has recommended that the Site Plan Approval Required (zoning ordinance Chapter 11-10-27) be amended to require that a master plan for site signage accompany the site plan submittal so that the Planning Commission can review the sign type, placement and other particulars at the time that the site plan is approved.
