

Memorandum

To: Mayor & North Ogden City Council
CC: Ed Dickie
From: Dave Nordquist
Date: 1/6/2011
Re: Parks and Trails Committee Presentation

I have asked Joel Grasmeyer, the chairperson, of the Parks and Trails Committee, to give a presentation at the next City Council meeting, held on January 11, 2011. This presentation is a result of questions and concerns that were expressed at a previous Council Meeting.

Items to be discussed are:

Provide needed background information on trails and park planning for North Ogden City. This will help the Mayor and City Council make fully informed decisions related to trails and parks.

This presentation will hopefully help the City Council reach a consensus on the best way to guarantee future trail and park development in North Ogden.

Provide a way for Council questions to be answered.

The Parks and Trails Committee feels that by providing needed information and an opportunity to discuss our city's general trails plan will help in maintaining our trails corridors.
