Re: First Hearing for CDBG 2011 Application

This first hearing for the CDBG 2011 grant application is to:

- 1) Provide information to the public that includes the amount of CDBG funds expected to be available for projects for the new year and the type(s) of activities that may be undertaken with CDBG funds.
- 2) Identify and discuss the Community Development needs of the community.
- 3) Obtain citizens' views and suggestions regarding possible projects.
- 4) Respond to those suggestions and questions.

There is no need for approval at this time. This is just a public hearing, notification and discussion process.
