

On behalf of the men and women of the North Ogden Police Department, we would like to welcome you to our website. I have been in law enforcement since 1980, and have been privileged to serve as North Ogden's Chief of Police since 2013.

When I began my career with the North Ogden Police Department, we had five full time officers serving a population of 6000 residences. North Ogden City has grown to approximately 18,000 residents and the Department has expanded to 18 sworn police officers, one animal service officer, and three support staff. The North Ogden Police Department provides law enforcement services 24 hours a day, 365 days a year.

The North Ogden Police Department is a professional and progressive law enforcement agency committed to working together with the citizens we serve, in order to create a safe and secure community. Together in partnership with the community, we will continue to make North Ogden City a great place to live, visit, and do business.

We take pride in our officers and their ability to handle calls that include anything from a "barking dog" to a "burglary in progress." We work in concert with our elected officials and a supportive administration which provide our department with the necessary resources and training to be successful in all services we provide. We also rely on you as citizens to be an extra set of eyes and ears, and we encourage you to get involved and report crimes in progress so we can bring the criminal element to justice.

I recommend that you browse our website to learn more about our department and the many services that are available to you. As you explore the site, you will find information on department organization, crime data, safety tips, special programs, and opportunities to volunteer with the North Ogden Police Department.

We constantly strive to enhance our quality of law enforcement service, and welcome your suggestions or comments to help us improve. It is my pleasure each day to work with the dedicated men and women of the North Ogden Police Department as we do our part in making the City of North Ogden safe. Thank you for the privilege and honor of serving you.

Sincerely,

Kevin D. Warren
Chief of Police
